

Bradley BIM Initiative

Since June 2009, Bradley Corporation has been designing a Revit Family Library to help our global clients reduce their Revit-BIM modeling costs for Autodesk Revit projects. In December 2011, the Bradley Revit Family Library exceeded 1000 Revit families, representing tens of thousands of quality Bradley products for commercial washrooms, toilet rooms and locker rooms. Please consider sharing these Bradley Revit-BIM links with your organization's Revit design team members and consultants.

Bradley Revit-BIM Resource Links:

Bradley Revit Family BIM Library

Download from the 1000+ Revit Families that represent tens of thousands of Bradley Plumbing and Washroom Accessory Products.
